

## [Newsletter 06/22](#)

### *[WB-MC: Communicative networking rethought](#)*

The functional extension [WB-MC](#) enables you to connect different components to monitor the cable infrastructure. This component is connected to other WB components via the WB backplane bus. It bundles and supports the exchange of information with third-party systems (e.g. SCADA system) via standard protocols. Depending on the protocols set, a wide variety of messages and information can be transmitted.

### *[Bienvenue en Tunisie et au Maroc – Welcome to Tunesien and Marokko](#)*

The business initiation trip to Tunisia and Morocco will take place from June 26th to July 2nd, 2022. We look forward to positive, committed and valuable new contacts and many new ideas for actively supporting the Tunisian energy transition.

### *[Kennen Sie schon das Portal Railway News?](#)*

[Railway News](#) is the leading railway news portal where you, as an operator and/or manufacturer, can get the latest information and news from suppliers worldwide in the railway sector. There is also a free online magazine.

### *[Eventsübersicht – Wir freuen uns Sie bei folgenden Events zu treffen](#)*

05.-06.07.: AEE symposium in Berlin  
September 16-17: Rail Day at the BTC in Elstal  
September 20-23: Innotrans in Berlin incl. evening event

### *[Last but not least:](#)*
